# Praveen Kumar Bairwa

## Frontend Developer

### PROFESSIONAL SUMMARY

Dynamic Front End Developer with expertise in HTML5, CSS3, and JavaScript. Proficient in Git for version control. Strong problem-solving skills and attention to detail. Collaborative team player experienced in creating responsive and user-friendly web interfaces.

### PROJECTS

**1. Netflix Clone | ⊕ | ⦿**
**HTML | CSS**

- Developed a Netflix Clone using *HTML* and *CSS*, focusing on responsiveness and incorporating features like image and video autoplay on the home screen.
- Currently, the clone primarily serves as a static representation without functional components.
- Proficiently utilized *HTML5* and *CSS3* to achieve the desired layout and styling.

**2. Hospital Doctor Record | ⊕ | ⦿**
**HTML | CSS | JavaScript**

- Developed a Hospital Doctor Record project focusing on responsiveness and dynamic roll section output.
- Implemented local storage functionality for adding and deleting data, enhancing user data management.
- Utilized HTML5, CSS3, and JavaScript to create a user-friendly interface for efficient record handling.

**3. hellobrightline-clon | ⊕ | ⦿**
**HTML5 | CSS3**

- Developed a helloBrightline Clone using HTML and CSS, focusing on responsiveness and incorporating features like image and video autoplay on the home screen.
- Currently, the clone primarily serves as a static representation without functional components.
- Proficiently utilized HTML5 and CSS3 to achieve the desired layout and styling.
